Nepal River Conservation Trust (www.nepalrivers.org.np) hosts the annual river festival in the month of February & March (27th Feb - 1st Mar). A festival of its own kind, it is a 3-day fun Rafting and Kayaking event. The main reason behind organizing this festival is to raise fund to save Nepal's fragile river ecology and generate awareness among the people. All the profit made from this festival goes to Nepal River Conservation Trust

The Karnali, Nepal's mightiest river, descends through the Himalayas in a series of magnificent gorges. Seasonal snow melts and storms can cause the river level to swell drastically, creating the extremes of whitewater rafting. Expect exceptionally big volume rafting through jungles inhabited by nomads traditionally known as the 'Routes', deserted beaches and small villages.
